ATTEND TO YOUR COLDS -A case of five years anding cured by DR. KEYSER'S PROTORAL SYRUP

Privisuron, Jan. 11, 1860. Da. Kavara:—My wife has been afflicted with a bad cough and difficulty of breathing, for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treasted by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Syrup. I bought, the first time, a lifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do to.

Alderman Fifth Ward.

Pittssunon, Nov. 18, 1858,
DR. Keyser :—Although not an advocate of Patent
Medicines, in general, it affords me pleasure indescribable to recommend your Pectorsi Syrup. As a medicine
it is well worthy the attention of any person who may in
any manner be afficied with coughs, colds and hoarseness
of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less, in my life, affected with the
severest of colds and hoarseness. At times my throat
would become so closed as to prevent my speaking above
a whisper, and by taking a few does of the above Syrup
it would relieve me entirely.

In recommending this medicine, I must unhesitatingly
say that it is the best remedy I ever found, purporting to
care the above, nor should any family be without this
remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,

the best medicine for the same that I have ever taken
J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYMUP.—Da. Exrasa—Dear Sir. Excuse the delay of my acknowledging the excellence of your Fectoral Cough Syrup sconer. I take great pleasure in saying that it is all you say it is. Renocked the noise out of my cough and the worst one I was ever afflicted with: I have not used more than one half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breath more freely than I sv'r did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard, as you think proper E. F. PRATT,

READ THE TRUTH.—Dr. Kryska: I have a daughter who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral.

I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

PITTENGROU, December, 21, 1853.

A GREAT CURE BY DR, KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your PECTORAL COUGH AVELLY—which I did and after I had sixten one bottle I SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and splitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE,

PATTON Tr., April 14, 1857.

A WONDERFUL CURE — Some time ago, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, as the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

DR. KEYSER'S PECTORAL SYRUP IN PLAIRS. DR. REYBER'S PECTURAL SIRVEY IN ELASTICATIVE VILLE.—Please send me another supply of your valuable "Pectoral Byrup." Almost everybody around us has the cold and are inquiring for "Dr. Reyser's Pectoral Byrup." We have sold sixteen bottles hast week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa, tell us they would not be without it in their families. In fact, all who use it once want it Yours, respectfully, J. S. WATTERSON & SONS

ANOTHER NEW CERTIFICATE—DR. REYSER'S
PECTORAL SYRUP.—I had been troubled with a cough
and cold for several weeks—so bad was it that I sould not
sleep. I had the advice and prescriptions from three of
the bestphysicians in the city, whom I could name, but do
not do so. I finally procured a bottle of your Pertoral
Syrup, which cured me entirely. Bigned.

"STOP THAT COUGHING."—'How can I do it? "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't care you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concar in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, ussubduable coughs we ever experienced since our adventupon this mundane sphere. We coughed steadily and inboriously for one whole week, in hopes of thing it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the stegs, we can ghed our way to Keyser's, 140 Wood Streptocured a fitty cent bottle of the "Pectoral;" took it ascording to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Oough Pectoral."—Drousneville Clipper, Dec. 14, 1859.

NEW Humphreus' TOMEOPATHIC

First Remedies are carefully prepared under the direct supervision and inspection of Prof. HUMPHREYS, in order to meet that great and long realized want of the public, namely, remedies for all the more common and simple all-

namety, remedies for all the more common and simple allments of life.

A moment's reflection will show that a vast majority of diseases from which we suffer and die, were, at their commencement, simple and trifling. A mere cold, a slight diarrhea, a pain in the side, or a headache, or hoarseness, at first easily curred and subdued, in time becomes a consumption, a fever, a dangerous dysentery, Croup or other disease, which all the powers of medicine fall to arrest.

Herein these remedies supply a great public want. Being on hand, simple, so you know at once what to take—pleasant, so as to cause no repugnance—safe, and hence occasioning no risk, while the curative effects are positive and certain, they are taken, and at once the spell is broken and the danger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being was next in cast, while the Convenience, who set is next in the next property and set in the sign of the set of their implicity and certainty, and among our hundreds of agents the uniform testimony is, that they give good satisfaction to their customers.

MISCELLANEOUS. THE AMALGAMATION OF LANGUAGES .- There is a grow THE AMALGARIATION OF LANGUAGE...—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to in
corporate them into our own; thus the word Cephalic
which is from the Greek, signifying "for the head," is
now becoming popularized in connection with Mr. Spalding's great headache remedy, but it will soon be used is
a more general way, and the word Cephalic will become
as common as Eisctortype and many others whose distinction as foreign words has been worn away by common
usage, until they seem "native and to the manor born."

Il J Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and, viewed in this light, it may be looked on as eafeguard intended to give notice of disease which might otherwise escape attention, till to late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz. Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common, and is the precursor of a great variety of diseases. Among which are Apopelexy, Gout, Rheumatism, and all febrile disease. In its nervous form it is sympathetic of disease of the stomach, constituting sick headache, of hepatic disease constituting bilious headache, of worms, constituting bilious headache, of worms, constituation, and other disorders of the bowels, as well as renal and uterire affections. Diseases of the heart are very frequently attended with headaches; anaemia and plethora are also affections which frequently occasion headache. Idiopathic headache is also very common, being usually distinguismed by the name of servous headache sometimes coming on suddenly in a state of apparently sound health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, her alled by depression of spirits or acerbity of the per. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Keuraijia.

For the treatment of either class of headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and, by its suble power, readicating the diseases of which headlieving the most scute pains in a few minutes, and, by its subtle power, eradicating the diseases of which head-ache is the unerring index.

Constipation or Costiveness.

No one of the "many ills that flesh is hair to" is so prevalent, so little understood, and so much seglected as Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Maiignant Fevers, Abcasses, Dysentery, Diarrhoxa, Dyspeysia, Apoplexy, Epilepsy, Parslysis, Hysteria, Hypochandriasis, Meiancholy, and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is cradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expet the insidious approaches of disease, and destroy this dangerous foe to human life.

Physician. —Well, Mrs. Jones, how is that headache?
Mrs. Jones. —Gone! Doctor, all gone! the pill you sent cared me in just twenty minutes, and I wish you would send me more, so that I can have them handy.
Physician —Nou can get them at any Druggists. Call for Cephalic Pills. I find they hever fall, and I recommend them in all cases of Headache. mend them in all cases of Headache.

Mrs. Jones. —I shall send for a box directly, and shaltell all my suffering friends, for they are a real bless

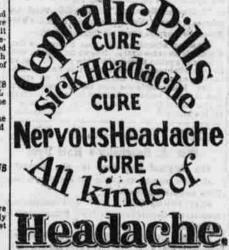

ed Glue, and it is estimated that each bottle saves at least ten dolars' worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Heacaches will soon vanish away like snow in July.

IL FOVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Fills whenever the symptoms appear. It quiets the evertasked brain, and soothes the strained and jarning nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACTS WORTH ENGWING. - Spalding's Cephalic Pills are certain cure for Bick Headache, Billous Headache erv us Headache. Costiveness, and General Debillty.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pili for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

IIF Did you ever have the Sick Headache? Do you remember the throbbing temples, the Severed brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation, or study? One of the Cephalic Fills would have relieved you from all the suffering which you then experienced. For this and other purpless you should always have a box of them on hand to use as occasion requires
